

# Pediatric Specialist Guide

*A referral guide for health care providers*

James Kasser, MD

Children's Hospital Boston

2009-2010

CHILDRENSHOSPITAL.ORG

## GENERAL PEDIATRICS

Through service, research and teaching, the Division of General Pediatrics at Children's Hospital Boston seeks to enhance the lives of children and families by:

- Providing a full range of state-of-the-art inpatient and outpatient clinical services for children and their families to optimize health and well-being.
- Providing exceptional training for students, residents, fellows, post-doctoral fellows, and other clinicians, researchers, and educators.
- Conducting groundbreaking research on important issues relevant to children, families, and communities to advance knowledge to benefit our hospital, the pediatric profession, and the public.
- Providing dedicated service to the community to promote health broadly and to advocate for children and their families.

## CLINICAL PROGRAMS:

### Advocating Success for Kids (ASK) Program

Works with children under the age of 14 who are having learning, developmental, emotional or behavioral problems in school or at home. ASK serves the Children's Hospital Primary Care Center, Bowdoin Street Community Health Center, Joseph M. Smith Community Health Center and Martha Eliot Health Center.

Scheduling: 617-355-4690

### Child Protection Team

This program is a multidisciplinary program designed to assist children and adolescents who may be physically or emotionally abused, neglected or exposed to domestic violence. The program provides the following services:

- Consultation to staff about patients admitted to the hospital and seen in the outpatient primary care and specialty clinics.
- Foster Care Clinic providing medical, developmental/behavioral assessment and dental evaluations to children and adolescents newly placed in foster care.
- AWAKE program provides assistance to victims of domestic violence.
- Training on all aspects of child maltreatment, to hospital staff and community providers in Massachusetts.
- Research around issues of child abuse and neglect.

Scheduling: 617-355-7979

### Children's Hospital Inpatient Service (CHIPS)

Provides in-house, 24/7, inpatient general pediatric coverage for community physicians who prefer to have a Children's Hospital Boston attending physician care for their patients while they are hospitalized at Children's or South Shore Hospital. CHIPS is staffed by pediatric hospitalists who provide referring physicians with timely updates on their patients and are available by pager to discuss patient issues. Furthermore, all of the pediatric subspecialties at Children's are available for consultation.

Information: 617-355-7584

### Children's Hospital Primary Care Center (CHPCC)

Provides comprehensive primary care to infants, children and adolescents from the Boston area including immunizations, preventive care, medical treatment and consultations. In addition, the center provides specialized programs to address asthma, overweight children, learning disabilities and chronic disease.

Information: 617-355-7701

### Complex Care Services (CCS)

CCS provides care for children with complex medical conditions in both inpatient and outpatient settings. CCS partners with the child's caregivers, primary care physician and specialty provider to ensure comprehensive, coordinated and centralized medical care.

Scheduling: 617-355-6162

### Martha Eliot Health Center (MEHC)

Provides comprehensive pediatric, adolescent, adult and OB/GYN medical services. In addition, MEHC offers mental health services, WIC/Nutrition, early intervention, substance abuse treatment services, optometry and HIV testing and counseling. MEHC is a community health center located in Jamaica Plain.

Scheduling: 617-971-2100

## GENERAL PEDIATRICS

### **Pediatric Environmental Health Center**

Offers multidisciplinary evaluation and management of children with known or suspected exposure to environmental toxins. Staffed by pediatricians, medical toxicologists, nurses and resource specialists, the center provides medical management for illnesses or intoxications resulting from heavy metal, indoor air pollutants, toxic waste sites, carbon monoxide, outdoor pollutants and adolescent occupational exposures.

Scheduling: 617-355-8177 (this number can also be used for urgent appointment triage)

### **Short Stay Unit**

Approximately 2,300 patients per year with common, readily diagnosed illnesses (e.g., asthma, bronchiolitis, dehydration or cellulitis) are admitted to the Short Stay Unit. This unique unit uses evidence-based clinical path guidelines, bedside charting, collaborative physician-nurse rounds and supervision by attending physicians to decrease the length of stay while improving the quality of care for these patients.

### **Young Parents Program (YPP)**

Located within CHPCC, YPP provides comprehensive primary care, including intensive social services and parenting education to adolescent parents and their children.

Scheduling: 617-355-7718

PROGRAM	LOCATION	SCHEDULING
Primary Care	Children's Hospital Primary Care Center Hunnewell ground floor 300 Longwood Avenue, Boston	617-355-7701
	Martha Eliot Health Center 75 Bickford Street, Jamaica Plain	617-971-2100
Specialty Care	Child Protection	617-355-7979
	Complex Care Service	617-355-6162
