Mission:

- Providing a full range of state-of-the-art inpatient and outpatient clinical services for children and their families to optimize health and well-being.
- Providing exceptional training for students, residents, fellows, post-doctoral fellows, and other clinicians, researchers, and educators.
- Conducting groundbreaking research on important issues relevant to children, families and communities to advance knowledge to benefit our hospital, the pediatric profession and the public.
- Providing dedicated service to the community to promote health broadly and to advocate for children and their families.

CLINICAL PROGRAMS:

Advocating Success for Kids (ASK) Program

Works with children under the age of 14 who are having learning, developmental, emotional or behavioral problems in school or at home. ASK serves the Childrens Hospital Primary Care Center, Bowdoin Street Community Health Center, Joseph M. Smith Health Center and Martha Eliot Health Center.

Child Protection Team

This program is a multidisciplinary program designed to assist children and adolescents who may be physically or emotionally abused, neglected or exposed to domestic violence. The program provides the following services:

- Consultation to staff about patients admitted to the hospital and seen in the outpatient primary care and specialty clinics.
- Foster Care Clinic providing medical, developmental/behavioral assessment and dental evaluations to children and adolescents newly placed in foster care.
- AWAKE program provides assistance to victims of domestic violence.
- Training on all aspects of child maltreatment to hospital staff and community providers in Massachusetts.
- Research around issues of child abuse and neglect.

Children's Hospital Inpatient Service (CHIPS)

Provides in-house, 24/7, inpatient general pediatric coverage for community physicians who prefer to have a Children's Hospital Boston attending physician care for their patients while they are hospitalized at Children's or South Shore Hospital. CHIPS is staffed by pediatric hospitalists who provide referring physicians with timely updates on their patients and are available by pager to discuss patient issues. Furthermore, all of the pediatric subspecialties at Children's are available for consultation.
Boston: 617-355-7584 | Weymouth: 781-340-8812 | childrenshospital.org/chips

Children's Hospital Primary Care Center (CHPCC)

Provides comprehensive primary care to infants, children and adolescents from the Boston area including immunizations, preventive care, medical treatment and consultations. In addition, the center provides specialized programs to address asthma, overweight children, learning disabilities and chronic disease.

617-355-7701 | childrenshospital.org/chpcc

Complex Care Services (CCS)

Provides care for children with complex medical conditions in both inpatient and outpatient settings. CCS partners with the child's caregivers, primary care physician and specialty provider to ensure comprehensive, coordinated and centralized medical care.

617-355-6162

Martha Eliot Health Center (MEHC)

Provides comprehensive pediatric, adolescent, adult and OB/GYN medical services. In addition, MEHC offers mental health services, WIC/Nutrition, early intervention, substance abuse treatment services, optometry and HIV testing and counseling. MEHC is a community health center located in Jamaica Plain.

617-971-2100 | childrenshospital.org/mehc

One Step Ahead Program (OSA)

An obesity prevention and management program that teaches children and adults how to develop healthy lifestyle habits. Our team provides children and teens, ages 3 to 13, with a medical evaluation, nutritional counseling, access to physical activities and resources, and behavioral psychology services to encourage them to stay healthy.

617-355-0992 | childrenshospital.org/osa

Pediatric Environmental Health Center

Offers multidisciplinary evaluation and management of children with known or suspected exposure to environmental toxins. Staffed by pediatricians, medical toxicologists, nurses and resource specialists, the center provides medical management for illnesses or intoxications resulting from heavy metal, indoor air pollutants, toxic waste sites, carbon monoxide, outdoor pollutants and adolescent occupational exposures.

617-355-8177 | childrenshospital.org/pehc

Short Stay Unit

Approximately 2,300 patients per year with common, readily diagnosed illnesses (e.g., asthma, bronchiolitis, dehydration or cellulitis) are admitted to the Short Stay Unit. This unique unit uses evidence-based clinical path guidelines, bedside charting, collaborative physician-nurse rounds and supervision by attending physicians to decrease the length of stay while improving the quality of care for these patients.

617-355-6363 (page the SSU Attending)

Young Parents Program (YPP)

Located within CHPCC, YPP provides comprehensive primary care, including intensive social services and parenting education to adolescent parents and their children.
