GYNECOLOGY

CLINICAL PROGRAMS:

Center for Congenital Anomalies of the Reproductive Tract

Provides medical, surgical, obstetrical and psychosocial consultation and care to females from birth to age 22, with congenital or acquired structural abnormalities of the reproductive tract.
617-355-7648 / childrenshospital.org/reproductive

Center for Young Women's Health

Provides comprehensive, primary health care services and specialty care by referral to adolescent girls and young women ages 12 to 22. By integrating patient education, preventive medicine and health care services, the center empowers young women to take a more active role in their health and health care decisions.
617-355-2994 / youngwomenshealth.org.

Gynecology Program

Provides treatment for a wide variety of illnesses as well as routine gynecological exams.
Boston: 617-355-7648 / Lexington: 781-672-2100 / childrenshospital.org/gynecology

Pap Test Evaluation Clinic

Evaluates and manages abnormal Pap tests. Patients are referred to the clinic from within Children's and from other health care sites in the greater Boston area to help detect infection, inflammation, abnormal cells and cancer.
617-355-7708 / childrenshospital.org/papeva
