

Pediatric Specialist Guide

A referral guide for health care providers

James Kasser, MD

Children's Hospital Boston

2009-2010

CHILDRENSHOSPITAL.ORG

PSYCHIATRY / PSYCHOLOGY

Children's Hospital Boston's Department of Psychiatry provides integrated clinical services and preventive interventions to children and adolescents. Dedicated to caring for children with complex psychiatric and medical problems, our department is committed to providing an integrated patient care approach where a variety of methods are unified into practical, effective interventions.

The department has expertise in the following areas:

- adjustment disorders
- anxiety disorders
- attention-deficit/hyperactivity
- behavioral problems
- depressive disorders
- eating disorders
- neurobehavioral syndromes
- post-traumatic stress disorder
- psychological reactions to physical illnesses
- social skill problems
- somatoform disorders

CLINICAL PROGRAMS:

Children's Hospital Neighborhood Partnerships

Provides high quality, accessible and effective mental health prevention and intervention services to children and youth at risk in Boston-Boston-area neighborhoods and schools.

Information: 617-919-3201

Outpatient Psychiatry Service

The outpatient mental health service is divided into the following four programs:

Emergency Psychiatry Program provides emergency evaluations and crisis intervention in the emergency room at Children's.

Information: 617-355-8593

Neuropsychology Program offers state-of-the-art psychological assessment of children and adolescents with physical or neurological illness.

Scheduling: 617-355-6398

Psychopharmacology Program helps assess and manage children and adolescents taking psychopharmacological medication.

Scheduling: 617-355-6688

Psychosocial Treatment Program uses psychoeducational, cognitive, behavioral and dynamic treatment approaches in individual, family and group therapy settings. Programs include the Group Therapy Team, Latino Team, Medical Team and Mood Disorders Team.

Scheduling: 617-355-6688

Pediatric Psychiatry Consultation Service

Provides specialized psychological services for children and families facing challenges related to medical illness and hospitalization.

Scheduling: 617-355-8606

Richmond Psychiatry Inpatient Service

This 16-bed, general inpatient child and adolescent psychiatric unit provides family-oriented psychiatric assessment and treatment for patients who have not responded well to conventional outpatient or other hospital care.

Scheduling: 617-355-7726

PSYCHIATRY / PSYCHOLOGY

Inpatient psychiatric services are provided in our Richmond Service on the fifth floor of the Bader Building, while outpatient psychiatric services are provided at our Boston campus on the eighth floor of the Fegan Building. Certain outpatient services are also provided in Lexington.

COMMUNITY	LOCATION	SCHEDULING
<i>Inpatient Services</i>		
Boston	Children's Hospital Boston - Inpatient Psychiatry Service 300 Longwood Avenue, Bader-5	617-355-7726
<i>Outpatient Services</i>		
Boston	Children's Hospital Boston 300 Longwood Avenue, Fegan-8	617-355-6688

To make an appointment or inquire about our services, please call the appropriate office scheduling telephone number above.

Urgent Appointment Triage

Psychiatry:

617-355-6369 for the Psychiatric clinician on-call.

Please note that it will be very important to tell the clinician the patient's insurance information. Many psychiatric services are limited by insurance.
