CARDIOLOGY

CLINICAL PROGRAMS AND SERVICES:

Services:

- Cardiac anesthesia
- Cardiac catheterization labs
- Cardiac ECMO
- Cardiac Intensive Care Unit (CICU)
- Cardiac MRI
- Echocardiography
- Electrophysiology
- Exercise physiology
- Fetal echocardiography
- Inpatient cardiology
- Non-invasive cardiac imaging
- Outpatient cardiology
- Robotic surgery

Boston Adult Congenital Heart (BACH)

Offers long-term care and advanced therapeutic options for adolescents and adults with congenital heart disease.
617-355-6508 | childrenshospital.org/bach

Cardiac Neurodevelopmental Program

Cares for children with heart problems who are at higher risk for developmental, learning and behavioral problems.
617-355-3401

Cardiomyopathy

Provides advanced diagnostic and therapeutic options for infants, children and adolescents diagnosed with cardiomyopathy.
617-355-6329 | childrenshospital.org/cardiomyopathy

Cardiovascular Genetics

Provides clinical care, information and resources for patients and families with a cardiac diagnosis in the setting of a recognized or suspected genetic condition or a family with inherited cardiovascular disease. We are able to assess not only children with genetic abnormalities, but adults as well.
617-355-2079 | childrenshospital.org/cardiacgenetics

Heart Failure/Heart Transplant

Evaluates children who are potential candidates for transplantation and manages the care of those who have received transplanted hearts. In 2009, the program performed 10 donor heart transplants and implanted 6 Berlin Hearts (4 single ventricle with ECMO and 2 bi-ventricle with ECMO).
617-355-6329 | childrenshospital.org/hearttx

Interventional Catheterization

Diagnoses and treats certain heart conditions using catheterization. With seven full-time physicians performing over 1,600 procedures each year, the catheterization program is one of the largest in the country.
617-355-7672 | childrenshospital.org/cath

Kawasaki Disease

Coordinates care for patients with Kawasaki disease, both during the acute phase and in long-term follow-up. The program sees 50 new patients each year and has more than 1,400 patients in their long-term program.
617-355-2079 | childrenshospital.org/kawasaki

Preventive Cardiology

Provides services to children aimed at identifying and medically managing cholesterol and blood pressure problems early in life, with the goal of preventing heart attack or stroke later in life.
617-355-0955 | childrenshospital.org/prevcardio

Pulmonary Hypertension

Provides diagnosis and a range of treatment options for patients with pulmonary hypertension.
617-355-2079 | childrenshospital.org/pht

Pulmonary Vein Stenosis

Provides care to patients diagnosed with pulmonary vein stenosis utilizing a multidisciplinary team of doctors and nurses with expertise in the fields of cardiology, radiology, pathology and neuro-oncology.
617-355-2079 | childrenshospital.org/pvs

CARDIOLOGY

Lock, James E., MD

*Cardiologist-in-Chief
Chairman, Department of Cardiology
