## DERMATOLOGY

Childrens Hospital Bostons Dermatology Program provides care for children and adolescents with all forms of congenital and acquired disorders of the skin, nails, hair and mucous membranes. Our program is one of the most experienced programs of its type, caring for more than 6,000 children from communities throughout New England. Children are typically referred to our program by their pediatrician or primary care physician for consultation, treatment and long-term management.

The program has expertise in the following areas:

- **acne**
- **atopic dermatitis**
- **bacterial infections**
- **blistering disorders**
- **collagen vascular disorders**
- **contact dermatitis**
- **drug rashes**
- **fungal infections**
- **genetic disorders**
- **pigment disorders**
- **psoriasis**
- **vascular lesions**
- **viral infections (herpes, molluscum, warts)**

Childrens Dermatology Program provides outpatient services at our Boston campus on the sixth floor of the Fegan Building and in the following communities throughout Greater Boston:
